

Support handbook - Escalation policy

Priority levels

P1	outage or data loss	first response 30 min, 24/7
P2	degraded service	first response 4 hours
P3	how-to or cosmetic	first response 1 business day

SSO logout

Unlink the identity binding in Admin > Users before resetting the password, otherwise the reset link will not be accepted.

Managed users

A managed user cannot reset their own password.

An admin resets it from Admin > Users > Reset password.

The emailed link expires after 60 minutes.
